

# Pupil premium strategy statement

This statement details our school's use of pupil premium (and recovery premium for 2023/24 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year (2022/2023) and the effect that last year's spending (2021/2022) of pupil premium had within our school.

## School overview

# Part A: Pupil premium strategy plan

## Statement of intent

At Gaddesby Primary School, our intention is that all of our pupils, irrespective of their backgrounds or the challenges they face, make outstanding (accelerated) progress and achieve high attainment across all subject areas. The focus of our pupil premium strategy is to support disadvantaged pupils to achieve that goal, including progress for those who are already high attainers.

High-quality teaching and learning is at the core of our approach and we will focus on the areas that our disadvantaged children require the most support. This is proven to have the greatest impact on closing the gap and at the same time will benefit the non-disadvantaged pupils in our school. It is our intention that the non-disadvantaged pupils' attainment will be sustained and improved alongside progress for their disadvantaged peers. We will also focus on the wider strategies that impact attainment, such as wellbeing, attendance and behaviour through a well-rounded curriculum and support system.

Our approach will be rooted in robust assessment principles to identify and respond to common challenges and individual needs for our disadvantaged children. To ensure we are effective in our approach we will:

- Ensure disadvantaged pupils are challenged in the work that they are set
- Act early to intervene at the point the need is identified
- Adopt a whole school approach in which all staff take responsibility for disadvantaged pupils' outcomes and raise expectations of what they can achieve
- Look at information from adults in school and/or parents and carers on wellbeing and safeguarding

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	The data tells us that upon entry to school our pupil premium children have lower attainment than the average, this is true in all subject areas, with a particular effect in reading (phonics) and maths. Individual pupil gaps that slow progress is evident among our disadvantaged pupils compared to their peers as they move through our school.

2	Assessments, observations and discussions with pupils suggest disadvantaged pupils generally have greater difficulties with phonics than their peers on entry into school. This negatively impacts their development as readers and writers.
3	Our pupil premium children have less access to extra-curricular activities and enrichment including but not limited to school trips, music and sports.
4	Our attendance data over the last 18 months indicates that attendance among disadvantaged children is not at the level expected by the school
5	For some pupils, complex personal circumstances, Special Educational Needs and Social Emotional Difficulties, e.g. ADHD and anxiety, has impacted on pupil performance

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Accelerated progress in reading compared with other pupils in school and above the national average in order to achieve in line with their peers.	Children will achieve progress measures in reading in line with or above other pupils in school and above national average.
Accelerated progress in writing compared with other pupils in school and above the national average in order to achieve in line with their peers.	Children will achieve progress measures in writing in line with or above other pupils in school and above national average.
Accelerated progress in maths compared with other pupils in school and above the national average in order to achieve in line with their peers.	Children will achieve progress measures in maths in line with or above other pupils in school and above national average.
To ensure all pupil premium children pass the phonics screening at the end of year 1.	All pupil premium children pass the phonics screening at the end of year 1. Pupil premium children in year 2 to pass the next phonics screen. Year 3 pupils improve outcomes in reading assessments.
Maintain high attendance for all disadvantaged pupils. (Target 97% and 0% PA)	All pupil premium children maintain high attendance throughout the year at a minimum of 97% with 0% PA
Children with additional needs, incl emotional needs make accelerated progress in order to achieve in line with their peers	Children will achieve progress measures that are in line with their peers

## Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

### Teaching

Budgeted cost: £4,000

Activity	Evidence that supports this approach	Challenge number(s) addressed

## Part B: Review of outcomes in the previous academic year

### Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2022 to 2023 academic year.

#### Outcomes – 2022-2023

<i>National Figures in brackets</i>  <i>Pupil premium figures not reportable due to low numbers</i>	Gaddesby Primary School % at Expected standard or above	Gaddesby Primary School % Above expected standard	Average pupil progress	Average scaled score
Reading, Writing and Maths combined	81%	12%		
Reading	88%	35%	0.0 (0)	106
Writing	85%	27%	+1.6 (0)	
Maths	92%	38%	+2.1 (0)	107
Grammar Punctuation and Spelling	88%	31%		107

#### Phonics- Year 1

89% passed – 100% of pupil premium eligible pupils passed

Our internal assessments during 2022/23 suggested that the performance of disadvantaged pupils was slightly below that of their peers. However, this mainly comes down to the needs of individual children, who were supported effectively through the pupil premium tuition fund.

Although overall attendance in 2022/23 was 1% lower than all other pupils in school. 94.9% attendance is largely in line with the national average for that year.

Our assessments and observations indicated that pupil behaviour, wellbeing and mental health were impacted last year. The impact was particularly acute for disadvantaged pupils. We used pupil premium funding to provide wellbeing support for all pupils, and targeted interventions where required. We are building on that approach with the activities detailed in this plan.
